

IN THE HEART OF DOWNTOWN

Hyatt Centric Downtown Sacramento is the perfect home base for your stay in Sacramento. Located just steps from the Golden 1 Center and Downtown Commons, the hotel is minutes away from the State Capitol, SAFE Credit Union Convention Center, and the Old Sacramento Waterfront.

CELEBRATING A LEGENDARY PAST

The original hotel's rich history dates back to 1911, when it first opened as the five story Hotel Clayton. In 1939, it became Hotel Marshall, named after James W. Marshall, who discovered gold in the American River sparking the California Gold Rush.

Now, standing at eleven stories high, the new hotel has preserved two of the original facades and celebrates the property's past with shareable moments at every turn. From Marshall amps stacked behind the front desk, to hand-painted murals of famous musicians and music studio inspired light fixtures throughout the hotel, guests are whisked away into the glamour of yesteryear while still enjoying the comforts of today.

LUXURY GUESTROOMS & SUITES
